### Explanatory Note

We are filing this Amendment No. 2 on Form 10-Q to amend our Quarterly Report on Form 10-Q for the quarter ended June 30, 2012 (the "Original Filing"), as originally filed with the Securities and Exchange Commission (the "SEC") on August 20, 2012 (the "Original Filing Date") to reflect a restatement of the following previously filed financial statements and data (and related disclosures):

- our condensed consolidated balance sheet as of June 30, 2012 and December 31, 2011, as discussed in Note 2 to the financial statements included in Item 1 of this Amendment No. 2 to Form 10-Q;
- our condensed consolidated statements of operations and cash flows for the three and six months ended June 30, 2012, and June 30, 2011 as discussed in Note 2 to the financial statements included in Item 1 of this Amendment No. 2 to Form 10-Q; and
- our management's discussion and analysis of financial condition and results of operations as of and for the three and six months ended June 30, 2012 as discussed in Item 2 of this Amendment No. 2 to Form 10-Q.

The restatement amends the accounting treatment for the merger entered into on February 9, 2012, pursuant to that certain Agreement and Plan of Merger dated February 9, 2012 (the "Agreement and Plan of Merger"), by and among the Company, TT Acquisitions, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company, and GrowOp Technology Ltd., a Nevada corporation. The Company treated the convertible Series A Preferred Stock and the convertible Series B Preferred Stock as an expense in 2012 when it was an exchange of stock. The Company did not reflect the goodwill and the impairment of goodwill in the financials for the first quarter of 2012. The restatement reflects the change. The Company did not include the operations of GrowOp Technology Ltd. in the financials for the first quarter of 2011. The restatement reflects the change in this Amendment No. 2 to Form 10-Q.

Although this Amendment No. 2 to Form 10-Q supersedes the Original Filing in its entirety, this Amendment No. 2 to Form 10-Q amends and restates only Items 1, 2 and 4 of Part I, solely as a result of, and to reflect, the restatement, and no other information in the Original Filing is amended hereby. This Amendment No. 2 to Form 10-Q makes disclosure as of the Original Filing Date and does not reflect any events that may have occurred subsequent to the Original Filing Date.

## CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q of Terra Tech Corp., a Nevada corporation (the “Company”), contains “forward-looking statements,” as defined in the United States Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by terminology such as “may”, “will”, “should”, “could”, “expects”, “plans”, “intends”, “anticipates”, “believes”, “estimates”, “predicts”, “potential” or “continue” or the negative of such terms and other comparable terminology. These forward-looking statements include, without limitation, statements about our market opportunity, our strategies, competition, expected activities and expenditures as we pursue our business plan, and the adequacy of our available cash resources. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Actual results may differ materially from the predictions discussed in these forward-looking statements. The economic environment within which we operate could materially affect our actual results. Additional factors that could materially affect these forward-looking statements and/or predictions include, among other things: (i) product demand, market and customer acceptance of Terra Tech’s equipment and other goods, (ii) ability to obtain financing to expand its operations, (iii) ability to attract qualified sales representatives, (iv) competition, pricing and development difficulties, (v) ability to integrate GrowOp Technology Ltd. into its operations as a reporting issuer with the Securities and Exchange Commission, and (iv) general industry and market conditions and growth rates and general economic conditions., the exercise of the majority control the Company’s Secretary and director, Amy Almsteier, holds of the Company’s voting securities, other factors over which we have little or no control; and other factors discussed in the Company’s filings with the Securities and Exchange Commission (“SEC”).

Our management has included projections and estimates in this Form 10-Q, which are based primarily on management’s experience in the industry, assessments of our results of operations, discussions and negotiations with third parties and a review of information filed by our competitors with the SEC or otherwise publicly available. We caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

## PART I. FINANCIAL INFORMATION

### ITEM 1. CONSOLIDATED FINANCIAL STATEMENTS.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### Organization

We were incorporated as Private Secretary, Inc. on July 22, 2008 in the State of Nevada. From inception until we completed our reverse acquisition of GrowOp Technology, the principal business of the Company originally was to develop a software program that would allow for automatic call processing through VoIP technology. On January 27, 2012, the Company filed an amendment to its Articles of Incorporation changing its name to Terra Tech Corp. During that time, we had no revenue and our operations were limited to capital formation, organization, and development of our business plan and target customer market. As a result of the merger with GrowOp Technology, on February 9, 2012 we ceased our prior operations and we are now a holding company and our wholly owned subsidiary engages in the design, marketing and sale of hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture.

##### Recent Developments

On February 9, 2012, Terra Tech Corp. (formerly named, "Private Secretary, Inc."), a Nevada corporation (the "Company") entered into an Agreement and Plan of Merger dated February 9, 2012 (the "Agreement and Plan of Merger"), by and among the Company, TT Acquisitions, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company ("TT Acquisitions"), and GrowOp Technology Ltd., a Nevada corporation ("GrowOp Technology").

Under the terms and conditions of the Agreement and Plan of Merger, the Company sold 33,998,500 shares of common stock of the Company in consideration for all the issued and outstanding shares in GrowOp Technology. The effect of the issuance is that GrowOp Technology shareholders now hold approximately 41.46% of the issued and outstanding shares of common stock of the Company. Separately, TT Acquisitions merged with GrowOp Technology, with the effect that GrowOp Technology is a wholly-owned subsidiary of the Company. Articles of Merger, effecting the merger of GrowOp Technology and TT Acquisitions, were filed with the Secretary of State of the State of Nevada on February 9, 2012.

GrowOp Technology was founded in March 2010, in Oakland, California. GrowOp Technology's business (now the principal business of Terra Tech) is the integration of best of breed hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture. We work closely with expert horticulturists, engineers, and scientists, to develop and manufacture advanced proprietary products for the hydroponic industry. Our products are utilized by horticulture enthusiasts, local urban farmers, and green house growers. We believe that the emerging trend of urban and indoor agriculture has fostered an entrepreneurial push by companies to bring their concept to market. Many of these companies lack both the intellectual resources and manufacturing capabilities to bring their idea to fruition. That is where Terra Tech is positioned. We have the team and the resources to help bring indoor cultivation designs from concept to production. Our products can be found through specialty retailers throughout the United States.

The accompanying unaudited condensed financial statements include all of the accounts of Terra Tech. These condensed financial statements have been prepared in accordance with accounting principals generally accepted in the United States for financial information and with the instructions to Form S-1 and Regulation S-X. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation have been included.

**TERRA TECH CORP.**  
**NOTES TO CONDENSED FINANCIAL STATEMENTS**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

Use of Estimates

The preparation of the financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Company applies fair value accounting for all financial assets and liabilities and non-financial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. The Company defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities, which are required to be recorded at fair value, the Company considers the principal or most advantageous market in which the Company would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as risks inherent in valuation techniques, transfer restrictions and credit risk. Fair value is estimated by applying the following hierarchy, which prioritizes the inputs used to measure fair value into three levels and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

*Level 1* – Quoted prices in active markets for identical assets or liabilities.

*Level 2* – Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

*Level 3* – Inputs that are generally unobservable and typically reflect management's estimate of assumptions that market participants would use in pricing the asset or liability.

The Company's valuation techniques used to measure the fair value of money market funds and certain marketable equity securities were derived from quoted prices in active markets for identical assets or liabilities. The valuation techniques used to measure the fair value of all other financial instruments, all of which have counterparties with high credit ratings, were valued based on quoted market prices or model driven valuations using significant inputs derived from or corroborated by observable market data.

In accordance with the fair value accounting requirements, companies may choose to measure eligible financial instruments and certain other items at fair value. The Company has not elected the fair value option for any eligible financial instruments.

**TERRA TECH CORP.**  
**NOTES TO CONDENSED FINANCIAL STATEMENTS**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

Accounts Receivable

The Company reviews all outstanding accounts receivable for collectability on a quarterly basis. An allowance for doubtful accounts is recorded for any amounts deemed uncollectable. The Company does not accrue interest receivable on past due accounts receivable. As of June 30, 2012 there was a reserve of \$5,576 against the collection of accounts receivable.

Prepaid Inventory

Prepaid inventory represents deposits made to foreign manufacturers for purchase orders of specific inventory.

Notes receivable

Notes receivable due from customers are unsecured loans which assist with the purchase of products. The notes range from twelve to eighteen months and bear interest at the annual rates of 4% to 9%. A corresponding reserve is established for any uncollectable interest. As of June 30, 2012 there was a 100 percent reserve or \$34,424 against the collection of notes receivable.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets: 3-8 years for machinery and equipment, leasehold improvements are amortized over the shorter of the estimated useful lives or the underlying lease term. Repairs and maintenance expenditures which do not extend the useful lives of related assets are expensed as incurred.

Revenue Recognition

Revenue is recognized net of discounts, rebates, promotional adjustments, price adjustments and estimated returns and upon transfer of title and risk to the customer which occurs at shipping (F.O.B. terms). Upon shipment, the Company has no further performance obligations and collection is reasonably assured as the majority of sales are paid for prior to shipping.

Cost of Goods Sold

Management decided to change the focus of the business in 2011 to designing, manufacturing and selling hydroponic equipment where favorable gross margins are achieved.

Research and Development

Research and development costs are expensed as incurred.

**TERRA TECH CORP.**  
**NOTES TO CONDENSED FINANCIAL STATEMENTS**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

**Income Taxes**

The Company provides for income taxes based on enacted tax law and statutory tax rates at which items of income and expenses are expected to be settled in the Company's income tax return. Certain items of revenue and expense are reported for Federal income tax purposes in different periods than for financial reporting purposes, thereby resulting in deferred income taxes. Deferred taxes are also recognized for operating losses that are available to offset future taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. The Company has incurred net operating losses for financial-reporting and tax-reporting purposes. Accordingly, for Federal and state income tax purposes, the benefit for income taxes has been offset entirely by a valuation allowance against the related federal and state deferred tax asset for the six months ended June 30, 2012.

**Loss Per Common Share**

Net loss per share, in accordance with the provisions of ASC 260, "Earnings Per Share" is computed by dividing net loss by the weighted average number of shares of Common Stock outstanding during the period. During a loss period, the effect of the potential exercise of stock options, warrants, convertible preferred stock and convertible debt are not considered in the diluted income (loss) per share calculation since the effect would be anti-dilutive. The results of operations were a net loss for the six months ended June 30, 2012 therefore the basic and diluted weighted average common shares outstanding were the same.

**Recently Issued Accounting Standards**

Management does not expect the adoption of recently issued accounting pronouncements to have a significant impact on our results of operations, financial position or cash flow.

**2. RESTATEMENT OF CONDENSED FINANCIAL STATEMENTS**

Subsequent to the issuance of our condensed financial statements for the quarter ended June 30, 2012, we have re-evaluated our interpretation of the merger set forth in the Agreement and Plan of Merger dated February 9, 2012 and have determined that the exchange of the Series A Preferred Stock and the Series B Preferred Stock should not have been expensed in the quarter ended March 31, 2012. We have adjusted the financials to include the operations for GrowOp Technology for the first quarter ended March 31, 2011. We have also determined that the impairment of goodwill should have been recorded in the quarter ended March 31, 2012.

The effect of this restatement is to change previously reported expenses, net loss and loss per share for the three and six months ended June 30, 2012 and 2011.

Impact of the restatement on our Condensed Financial Statements

Our condensed financial statements presented in this Quarterly Report on Form 10-Q/A has been restated to reflect the impact from the restatement adjustments described above as follows:

**TERRA TECH CORP.**  
**NOTES TO CONDENSED FINANCIAL STATEMENTS**

**3. GOING CONCERN**

The Company's future success is dependent upon its ability to achieve profitable operations and generate cash from operating activities, and upon additional financing. Management believes they can raise the appropriate funds needed to support their business plan and develop an operating company which is cash flow positive.

However, the Company has incurred net losses for the six months ended June 30, 2012 and has accumulated a deficit of approximately \$3.18 million at June 30, 2012. The Company has not been able to generate sufficient cash from operating activities to fund its ongoing operations. There is no guarantee that the Company will be able to generate enough revenue and/or raise capital to support its operations. These factors raise substantial doubt about the Company's ability to continue as a going concern.

The condensed financial statements do not include any adjustments relating to the recoverability or classification of recorded assets and liabilities that might result should the Company be unable to continue as a going concern.

**4. CONCENTRATIONS OF BUSINESS AND CREDIT RISK**

The Company maintains cash balances in several financial institutions which are insured by the Federal Deposit Insurance Corporation up to certain federal limitations.

The Company provides credit in the normal course of business to customers located throughout the U. S. The Company performs ongoing credit evaluations of its customers and maintains allowances for doubtful accounts based on factors surrounding the credit risk of specific customers, historical trends, and other information.

**5. REVERSE MERGER**

On February 9, 2012, the Company completed a reverse merger transaction through a merger with GrowOp Technology whereby we acquired all of the issued and outstanding shares of GrowOp Technology in exchange for 33,998,520 shares of our common stock, which represented approximately 41.4% of our total shares outstanding immediately following the closing of the transaction. As a result of the reverse acquisition, GrowOp Technology became our wholly owned subsidiary and the former shareholders of GrowOp Technology became our controlling stockholders. The share exchange transaction with GrowOp Technology was treated as a reverse acquisition, with GrowOp Technology as the acquiror and the Company as the acquired party.

On February 26, 2012, pursuant the Agreement and Plan of Merger, the Company issued an aggregate of 100 shares of Series A Preferred Stock and 14,750,000 shares of Series B Preferred Stock to Derek Peterson and Amy Almsteier, both of whom are officers and directors of the Company. The Company offered and sold the shares in reliance on the exemption from registration pursuant to Section 4(2) of Securities Act and Rule 506 of Regulation D promulgated thereunder.

**TERRA TECH CORP.**  
**NOTES TO CONDENSED FINANCIAL STATEMENTS**

**REVERSE MERGER, Continued**

*Purchase Accounting*

The Acquisition was accounted for using the purchase method of accounting as a reverse acquisition. In a reverse acquisition, the post-acquisition net assets of the surviving combined company includes the historical cost basis of the net assets of the accounting acquirer (GrowOp Technologies Ltd.) plus the fair value of the net assets of the accounting acquiree (Terra Tech Corp). Further, under the purchase method, the purchase price is allocated to the assets acquired and liabilities assumed based on their estimated fair values and the excess of the purchase price over the estimated fair value of the identifiable net assets is allocated to any intangible assets with the remaining excess purchase price over net assets acquired allocated to goodwill.

The fair value of the consideration transferred in the Acquisition was \$4,800,000 and was calculated as the number of shares of common stock that GrowOp Technologies Ltd. would have had to issue in order for Terra Tech Corp. shareholders to hold a 58.6% equity interest in the combined Company post-acquisition, multiplied by the estimated fair value of the Company's common stock on the acquisition date. The estimated fair value of the Company's common stock was based on the offering price of the common stock sold in a private placement of share subscriptions which was completed most recently prior to the merger. This price was determined to be the best indication of fair value on that date since the price was based on an arm's length negotiation with a group consisting of both new and existing investors that had been advised of the pending Acquisition and assumed similar liquidity risk as those investors holding the majority of shares being valued as purchase consideration.

The following table summarizes the Company's determination of fair values of the assets acquired and the liabilities as of the date of acquisition.

Consideration - issuance of securities	<u>\$ 4,800,000</u>
Cash	\$ 35

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Overview

We were incorporated as Private Secretary, Inc. on July 22, 2008 in the State of Nevada. From inception until we completed our reverse acquisition of GrowOp Technology, the principal business of the Company originally was to develop a software program that would allow for automatic call processing through VoIP technology. On January 27, 2012, the Company filed an amendment to its Articles of Incorporation changing its name to Terra Tech Corp. During that time, we had no revenue and our operations were limited to capital formation, organization, and development of our business plan and target customer market. As a result of the merger with GrowOp Technology, on February 9, 2012 we ceased our prior operations and we are now a holding company and our wholly owned subsidiary engages in the design, marketing and sale of hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture.

On February 9, 2012, Terra Tech Corp. (formerly named, "Private Secretary, Inc."), a Nevada corporation (the "Company") entered into an Agreement and Plan of Merger dated February 9, 2012 (the "Agreement and Plan of Merger"), by and among the Company, TT Acquisitions, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company ("TT Acquisitions"), and GrowOp Technology Ltd., a Nevada corporation ("GrowOp Technology").

Under the terms and conditions of the Agreement and Plan of Merger, the Company sold 33,998,50 shares of common stock of the Company in consideration for all the issued and outstanding shares in GrowOp Technology. The effect of the issuance is that GrowOp Technology shareholders now hold approximately 41.46% of the issued and outstanding shares of common stock of the Company. Separately, TT Acquisitions merged with GrowOp Technology, with the effect that GrowOp Technology is a wholly-owned subsidiary of the Company. Articles of Merger, effecting the merger of GrowOp Technology and TT Acquisitions, were filed with the Secretary of State of the State of Nevada on February 9, 2012.

GrowOp Technology was founded in March 2010, in Oakland, California. GrowOp Technology's business (now the principal business of Terra Tech) is the integration of best of breed hydroponic equipment with proprietary technology to create sustainable solutions for the cultivation of indoor agriculture. We work closely with expert horticulturists, engineers, and scientists, to develop and manufacture advanced proprietary products for the hydroponic industry. Our products are utilized by horticulture enthusiasts, local urban farmers, and green house growers. We believe that the emerging trend of urban and indoor agriculture has fostered an entrepreneurial push by companies to bring their concept to market. Many of these companies lack both the intellectual resources and manufacturing capabilities to bring their idea to fruition. That is where Terra Tech is positioned. We have the team and the resources to help bring indoor cultivation designs from concept to production. Our products can be found through specialty retailers throughout the United States.

### Results of Operations for the quarter ended June 30, 2012 compared to the quarter ended June 30, 2011:

Total revenues generated from the sales of the Company's products for the quarter ended June 30, 2012 totaled \$83,185, a decrease of \$54,659 from the quarter ended June 30, 2011 which totaled \$137,844. The primary reason was due the improper mix of inventory required by the customers. .

At this stage in the Company's development, revenues are not yet sufficient to cover ongoing operating expenses.

Gross profits for the quarter ended June 30, 2012 amounted to \$9,737 for a 12% gross margin. Gross profits decreased \$90,832 or 90% for the quarter ended June 30, 2012 compared to \$100,569 for the quarter ended June 30, 2011. The decrease in the gross margin was due to management lowering the selling price of certain products so that cash would be raised to buy the proper inventory which the customers were demanding.

Selling, general and administrative expenses for the quarter ended June 30, 2012 were \$127,833, a decrease of \$104,250 from the quarter ended June 30, 2011 which totaled \$232,083. The major decreases were from professional fees which decreased \$29,561 due to better cost controls, a reduction in travel in the amount of \$8,281 due to better established relationships and a reduction in consultants in the amount of \$92,869 for work which is now being performed by individuals within the company.

Interest expense totaled \$16,364 for the quarter ended June 30, 2012 versus zero in the quarter ended June 30, 2011. The increase is due to the debt outstanding.

The net result for the quarter ended June 30, 2012 was a loss of \$134,460 or \$0.00 per share compared to a loss of \$132,314 or \$0.02 for the quarter ended June 30, 2011. The primary reason for the loss was due to reduced sales caused by not having the proper inventory which was demanded by the customers.

Management will continue to make an effort to lower operating expenses and increase revenue. The Company will continue to invest in further expanding its operations and a comprehensive marketing campaign with the goal of accelerating the education of potential clients and promoting the name and products of the Company. Given the fact that most of the operating expenses are fixed or have quasi-fixed character management expects them to significantly decrease as a percentage of revenues as revenues increase.

**Results of Operations for the six months ended June 30, 2012 compared to the six months ended June 30, 2011:**

Total revenues generated from the sales of the Company's products for the six months ended June 30, 2012 totaled \$295,076, a decrease of \$86,704 from the six months ended June 30, 2011 which totaled \$381,780. The primary reason was due the improper mix of inventory required by the customers. .

At this stage in the Company's development, revenues are not yet sufficient to cover ongoing operating expenses.

Gross profits for the six months ended June 30, 2012 amounted to a \$24,702 for a 8% gross margin. Gross profits decreased \$109,225 or 82% for the six months ended June 30, 2012 compared to \$133,927 for the six months ended June 30, 2011. The decrease in the gross margin was due to management lowering the selling price of certain products so that cash would be raised to buy the proper inventory which the customers were demanding.

Selling, general and administrative expenses for the six months ended June 30, 2012 were \$535,616, a increase of \$180,044 from the six months ended June 30, 2011 which totaled \$355,572. The major increase was officer compensation associated with the issuance of 2,000,000 shares of Series B Preferred stock which was valued at \$200,000. In addition there was payroll tax incurred with the transaction in the amount of \$14,375. The major decrease was from professional fees which decrease \$39,717 due to better cost controls.

The Company incurred an impairment of goodwill in connection with the reverse merger on the amount of \$4,799,965.

Interest expense totaled \$32,1331 for the six months ended June 30, 2012 compared to \$10,527 in the six months ended June 30, 2011. The increase is due to the more debt outstanding for the six months ended June 30, 2012.

The net result for the six months ended June 30, 2012 was a loss of \$5,344,088 or \$0.07 per share compared to a loss of \$232,972 or \$0.01 for the six months ended June 30, 2011. The primary reason for the loss was due to reduced sales caused by not having the proper inventory which was demanded by the customers and the impairment of goodwill related to the reverse merger..

Management will continue to make an effort to lower operating expenses and increase revenue. The Company will continue to invest in further expanding its operations and a comprehensive marketing campaign with the goal of accelerating the education of potential clients and promoting the name and products of the Company. Given the fact that most of the operating expenses are fixed or have quasi-fixed character management expects them to significantly decrease as a percentage of revenues as revenues increase.

#### **Disclosure About Off-Balance Sheet Arrangements**

We do not have any transactions, agreements or other contractual arrangements that constitute off-balance sheet arrangements.

#### **Critical Accounting Policies**

Our Management's Discussion and Analysis of Financial Condition and Results of Operations section discusses our consolidated condensed financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, management evaluates its estimates and judgments, including those related to revenue recognition, accrued expenses, financing operations, and contingencies and litigation. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The most significant accounting estimates inherent in the preparation of our financial statements include estimates as to the appropriate carrying value of certain assets and liabilities which are not readily apparent from other sources. These accounting policies are described at relevant sections in this discussion and analysis and in the notes to the consolidated financial statements included in this report.

#### **Liquidity and Capital Resources**

The Company's future success is dependent upon its ability to achieve profitable operations and generate cash from operating activities, and upon additional financing. Management believes they can raise the appropriate funds needed to support their business plan and develop an operating, cash flow positive company.

The Company incurred net losses for the six months ended June 30, 2012 and has accumulated a deficit of \$8,196,686 at June 30, 2012. The Company has not been able to generate sufficient cash from operating activities to fund its ongoing operations. There is no guarantee that the Company will be able to generate enough revenue and/or raise capital to support its operations. These factors raise substantial doubt about the Company's ability to continue as a going concern. The Company has never reported Net Income.

The condensed consolidated financial statements do not include any adjustments relating to the recoverability or classification of recorded assets and liabilities that might result should the Company be unable to continue as a going concern.

The Company's business operations generally have been financed by debt investments through promissory notes with accredited investors and equity investments in the common stock of the Company by accredited investors. During the six months of 2012, the Company obtained new debt from the issuance of unsecured promissory notes that supplied the funds that were needed to finance operations during the reporting period. Such new borrowings resulted in the receipt by the Company of \$74,172. The Company also issued 190,000 shares of common stock for \$80,000. While these funds sufficed to compensate for the negative cash flow from operations they were not sufficient to build up a liquidity reserve. As a result, the Company's financial position at the end of the reporting period showed a working capital deficit of \$235,175. During the first six months of 2012 the Company obtained new financing sufficient to fund ongoing working capital requirements. We need to continue to raise funds to cover working capital requirements until we are able to raise revenues to a point of positive cash flow.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.**

As a smaller reporting company (as defined in Rule 12b-2 of the Exchange Act), we are not required to provide the information called for by this Item 3.

### **ITEM 4. CONTROLS AND PROCEDURES.**

#### **DISCLOSURE CONTROLS AND PROCEDURES**

Under the supervision and with the participation of our management, our principal executive officer and our principal financial officer are responsible for conducting an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of the end of the fiscal year covered by this report. Disclosure controls and procedures means that the material information required to be included in our Securities and Exchange Commission reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms relating to our company, including any consolidating subsidiaries, and was made known to us by others within those entities, particularly during the period when this report was being prepared. Based on this evaluation, our principal executive officer and principal financial officer concluded as of the evaluation date that our disclosure controls and procedures were not effective as of June 30, 2013.

There were no changes in the Company's internal controls over financial reporting during the most recently completed fiscal quarter that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

## **PART II. OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS.**

On March 29, 2011, Dhar Mann and WeGrow Garden Supply LLC filed an Individual and Corporate Complaint for: 1. Breach of Contract; 2. Fraud; 3. Breach of Fiduciary Duty; and 4. Conversion in the Superior Court of the State of California, Alameda County, File No. RG11568327 (the "Dhar Mann Complaint"), against GrowOp Technology Ltd. alleging, among other things, that Mr. Mann is a 37.5% owner of GrowOp since May 23, 2010 and claiming damages of approximately \$2,200,000 in connection with a purported agreement to sell Mr. Mann shares of Common Stock of GrowOp amounting to 37.5% of the issued and outstanding shares of Common Stock of GrowOp. Mr. Mann is also seeking an order from the court prohibiting GrowOp from selling any securities or becoming a public company. GrowOp denies, among other things in the Dhar Mann Complaint, the existence of a purported agreement to sell Mr. Mann shares of Common Stock of GrowOp amounting to 37.5% of the issued and outstanding shares of Common Stock of GrowOp or the damages owed. GrowOp does not believe this litigation will have a material effect on its business objectives.

From time to time, the Company may become subject to additional litigation or proceedings in connection with its business, as either a plaintiff or defendant. Except with the disclosure made in the preceding paragraph, there are no such pending legal proceedings to which the Company is a party that, in the opinion of management, is likely to have a material adverse effect on the Company's business, financial condition or results of operations.

## SECTION 302 CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER OF TERRA TECH CORP.

I, Derek Peterson, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Terra Tech Corp.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
