EXPLANATORY NOTE

This Amendment No. 1 on Form 10-K/A (this “Amendment”) to Terra Tech Corp.’s Annual Report on Form 10-K for the fiscal year ended December 31, 2014, originally filed with the Securities and Exchange Commission on March 27, 2015 (the “Original Filing”), is being filed for the purpose of (i) correcting an incorrect reference to our disclosure controls and procedures being effective as of December 31, 2014 in Part II, Item 9A. Controls and Procedures, “Evaluation of Disclosure Controls and Procedures,” of the Original Filing, (ii) adding the version of the Committee of Sponsoring Organizations of the Treadway Commission’s Internal Control – Integrated Framework that was used to perform our assessment disclosed in Part II, Item 9A. Controls and Procedures, “Management’s Annual Report on Internal Control over Financial Reporting,” of the Original Filing, and (iii) amending the Exhibits contained in Item 15 of Part IV to correct the footnotes to the Exhibit List in the Original Filing, which inadvertently listed erroneous references. For purposes of this Amendment, and in accordance with Rule 12b-15 under the Securities Exchange Act of 1934, as amended, Item 9A and Item 15 of the Original Filing has been amended and restated in its entirety. Except as described above, no other changes have been made to the Original Filing, and this Amendment does not modify, amend, or update in any way any of the financial or other information contained in the Original Filing. This Amendment does not reflect events that may have occurred subsequent to the filing date of the Original Filing.

Pursuant to Rule 12b-15 promulgated under the Securities Exchange Act of 1934, as amended, this Amendment also contains new certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, which are attached hereto.

Capitalized terms used but not otherwise defined in this Amendment have the meanings giving in the Original Filing.

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As of the end of the fiscal year ended December 31, 2014, we carried out an evaluation, under the supervision and with the participation of members of our management, including our Chief Executive Officer (“CEO”) and our Chief Financial Officer (“CFO”), of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rule 13a-15(b) of the Exchange Act. Our CEO and our CFO have concluded, based on their evaluation, that as of December 31, 2014, our disclosure controls and procedures were not effective at the end of the fiscal year to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit with the SEC under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and is accumulated and communicated to our management, including the CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Management’s Annual Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act). Internal control over financial reporting is a process, including policies and procedures, designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external reporting purposes in accordance with U.S. generally accepted accounting principles. Our management assessed our internal control over financial reporting based on the 2013 version of the *Internal Control —Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Based on the results of this assessment, our management concluded that our internal control over financial reporting was not effective as of December 31, 2014 based on such criteria. Deficiencies existed in the design or operation of our internal controls over financial reporting that adversely affected our internal controls and that may be considered to be material weaknesses. The matters involving internal controls and procedures that our management considered to be material

weaknesses under the standards of the Public Company Accounting Oversight Board were: (i) lack of a functioning audit committee due to a lack of a majority of independent members and a lack of a majority of outside directors on our Board, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (ii) inadequate segregation of duties consistent with control objectives; and (iii) ineffective controls over period end financial disclosures and reporting processes. Management believes that the lack of a functioning audit committee and the lack of a majority of outside directors on our Board results in ineffective oversight in the establishment and monitoring of required internal controls and procedures, which could result in a material misstatement in our financial statements in future periods.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met under all potential conditions, regardless of how remote, and may not prevent or detect all errors and all fraud. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within Terra Tech have been prevented or detected. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

Auditor's Report on Internal Control over Financial Reporting

This Annual Report does not include an attestation report of our independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our independent registered public accounting firm pursuant to rules of the SEC that permit us to provide only management's report in this Annual Report.

Changes in Internal Controls over Financial Reporting

In connection with our continued monitoring and maintenance of our controls procedures as part of the implementation of Section 404 of the Sarbanes-Oxley Act, we continue to review, test and improve the effectiveness of our internal controls. There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fourth quarter and since the year ended December 31, 2014 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
